MARRIED MEN THREATEN WOE FOR REGINANS

Rioting Feared in Drainage Ditch Camp, Manitoba Project

WINNIPEG, Oct. 25.—Plans went ahead rapidly today for the care of single unemployed men in the western provinces, but a heavy shadow loomed over the project in the event of a strike by the farmers who would be asked to take in the men.

DISCOUNT ARISES

As the single men's plan was announced, discount was thrown among the married men on relief projects in Regina who threaten to strike on Thursday unless demands for full payment and adequate clothing for unemployed are met.

A sympathy strike is to be staged by 1,000 school children unless the demands are granted.

Rioting is feared on a Manitoba relief project—the Grenville drainage ditch camp, near Winnipeg.

Where 800 single men have been placed, a strike is being threatened by the farmers.

Regina, Saskatoon, and Moose Jaw, 200, with the province's total, are estimated for the federal government, \$500.

FAVORABLY RECEIVED

The plan of the federal government for placing 8,000 single unemployed men in the western provinces, announced during the week-end, was favorably received by sections of the Regina press.

Provincial unemployment officers were taken care of by the federal government, but the details of the scheme are not known as yet, but the federal government will provide food, general maintenance and work clothing for the men.

The men will receive \$15 a month, which 10 cents will be deducted for medical attendance.

2,500 LAID OFF

One dark cloud in the West's problems was the lay-off of 2,500 workers, numbering 2,500 Canadian Pacific railway employees in Winnipeg and Calgary.

Officials there were unable to predict a re-opening of the Winnipeg plant, it is estimated it will take an additional \$100,000 in funds to start the 1,800 workers laid off at the Weston shops here.

PRINCE'S VISIT IRKS COUNCIL OF IRISH CITY

NEWRY, Northern Ireland, Oct. 25.—By a vote of nine to five the city council today decided to prevent the address of the Prince of Wales when he visits this city next month to open the parliament of Northern Ireland.

Nationalist and Labor members gave as their reason for refusing a statement attributed to Lord Craigavon, Minister of the Crown in Ireland, that he had invited the prince to open a new parliament for Protestant people.

One member of the council said the prince was not the Prince of Wales, but that no self-respecting Irishman could join in the welcome under the circumstances.

SPLIT CONTRACT FOR COAL SUPPLY

The contract for the supply of 15,000 tons of coal for relief camps this winter was dealt with by city council at the regular meeting Monday night, and on the motion of Ald. A. Gagner the decision was made to split the contract between the city and the private coal companies.

The former, under the new terms, to supply 10,000 tons at a price of \$2.50 per ton and the latter 5,000 tons at a price of \$2.25 per ton.

At the outset of the discussion of the split contract, Ald. A. Gagner said he was of the opinion that coal dealers should be established in the city, and that the city should be bound to supply the coal to the people, and from there the coal should be distributed.

It was, he said, would provide work for more men. No action was taken on this proposal.

Ald. C. L. Gible remarked that he had received information to the effect that the Lakeside mine did not even have the coal to supply the city.

W. W. McLean, managing director of the company, stated that the mine had been set out at a high as any other in the city. Of the total number of employees, 70 per cent were taxpayers and the payroll was \$100,000.

The motion was then put to the meeting and carried.

Manager Of Sharke Tells Madison Square Garden Just Who Is Boss

Will Defend Crown Only In Home City

Opponent, Says Buckley

HOSTON, Oct. 25.—Jack Sharke will risk his heavyweight boxing title only in a Boston ring and against an opponent acceptable to him, William J. Carey, president of the Madison Square Garden, was informed yesterday by Johnny Buckley, the Boston titleholder's manager.

Sharke came here from New York to stand out the Sharke family and to accept a return trip with Jack Schmaling in the Long Island boat race.

JACK HUNTING

Sharke was not at the conference. He returned from New York hunting trip with two handsome bucks and was much too busy exhibiting the trophies of his marksmanship to discuss his future plans with Carey.

Not without Carey. The reply was made by Carey that Sharke's long connection with the Madison Square Garden would be severed next year.

"When Sharke defends his championship," Buckley told him, "it will be in a Boston ring and against a Boston opponent. Sharke is a Boston boxer and would draw more money here than any other city."

At this time we are not prepared to state who Sharke will agree to meet. There is no lack of suitable opponents. For example, Schmaling, who is a Boston boxer, is a contender for the title. Sharke is a Boston boxer and would draw more money here than any other city.

"Sharke does not intend to dodge Schmaling. There will be a couple of extra years of play in the public schools before going up to the secondary institutions."

It is to be hoped that before another year rolls around that there will be no more of the kind of thing that is going on in the public schools.

NEW HOME IS BEING SOUGHT FOR TORONTO

While on the subject of the griffin pattern it might be mentioned that the Toronto five teams operating under the name of the Toronto Griffin Club have been asked to play a playoff game Thursday for the city junior championship and the right to represent the city in the provincial final of the Ontario Hockey Association.

Incidentally, there are plenty of varied opinions concerning the probable outcome of the final between the young players and the veterans. The odds are probably as even as when they were in the grip of the day.

WHEAT FUTURES CRASH DOWN TO NEW LOW MARKS

WINNIPEG, Oct. 25.—The wheat market reacted precipitously today after drifting uncertainly for the past few days. Influenced by withdrawal of support from a previous outside source all futures traded at a loss. The new low points prices at the close revealed a loss of 2 1/2¢ for the year, and October declined 1/4¢ to 47 1/4¢. Prices declined 1/4¢ to 47 1/4¢. December closed two cents to a low and may fall away 2 1/2¢ to 47 1/4¢.

The decline came down to a single cent from a previous high of 48 1/4¢. Support in the form of approaching demand for the day the new low points, and that of 54¢ and no amount of selling pressure seemed able to break these levels.

Support in the form of approaching demand, was always forthcoming, and the trade had come to regard these prices as "pegged." These levels were a break of nearly three cents had been established and the market made a gradual recovery from the low points. The buying was not aggressive and the contract was not filled.

A moderate export trade estimate at more than 600,000 bushels was reported overnight and this was a factor in the market. A few of the low grades also were a factor in the market. The market was not reflected in the Liverpool trade. The market was not reflected in the Liverpool trade. The market was not reflected in the Liverpool trade.
